Application No: [T/25/99417](#)

Address: 47 CLEMENTINE WAY, FAIR OAK, EASTLEIGH, SO50 7QG

Description: 1no. Oak (T1, originates from land opposite, No. 47) - Reduce the upper canopy by 3 to 4m. This will reduce the weight, wind load & leverage on the tree root system. This Should help prolong the trees life. Tree is growing at a sharp angle out of a copse of trees nearly 45 degrees. The upper canopy is very extended adding immense weight & wind load as well as leverage to this weaker structure.

Comment: It is clear from the photograph that the tree requires work, but will be guided by advice of the arboriculturist
